J. R. Linville of Mt. Olivet shipped

16,000 dozen eggs Tuesday. They had been collected within the last few days.

James Thompson's house near Murphysville was burned to the ground

Wednesday, destroying everything in it, even to his clothing.

A peculiar feature of the meetings

being conducted by Evangelist Fife at

Manchester is the sunrise meetings,

everybody going to church before break-

fast.

The police of Lexington have been in-

structed to kill all dogs that do not wear

tags showing that the taxes on same

have been paid. So far the policemen

have killed nearly 700 dogs.

The Johnson County Circuit Court is

in session, presided over by Judge Allen

Copley as Special Judge. Judge J. S.

Pettin being ill. The docket for this

term has 430 cases, the largest ever known

in the history of the county.

The two darkies held at the Vance-

burg Jail were indicted for murder in

the first degree and their cases continued

until next sitting of the Circuit Court

without bail. They are the fellows who

killed their companion on the steamer

Hudson.

Hamilton Norris, 85, a farmer at Col-

lege Hill, consisting of his wife and ten

members, were poisoned by eating canned

apple cobbler. Mr. Norris is very low

from the effect of the poison and is not

expected to recover. He is the oldest man

in Boyle county.

In the Northwest section of Fleming

county great depredations have been

made in wheat fields by a worm which

bore into the stalk and destroys its life.

## A PICTURE OF HEALTH TODAY.

Mrs. Moore Was Sinking--Paine's Celery Compound Made Her Well.

The people have given their verdict!

Every state, county and most humble

village has had a voice in it.

There is a consensus of testimony from

all America to the fact that Paine's

Celery Compound is making sick, tired,

out, nervous men and women well and

strong again.

There have been published by thou-

sands in every state in the country, this

spring, testimonials from people in every

station of life in those states telling of

the many, many cases where this greatest

of all remedies has made people well.

THE LEDGER has published the un-

solicited testimony of well known and

highly esteemed people in Maysville who

have found health and strength in the

remedy that was first prescribed by Pro-

fessor Edward Phelps, M.D., LL.D., of

Dartmouth College.

Men and women of National reputation

have written thankful letters on the same

subject, which have been published the

world over, and have called forth un-

asked for responsive letters from equally

prominent men and women in other

lands.

Below is a letter that commends itself

in this spring month of May to every

woman in Maysville. It was voluntarily

written to Wells, Richardson & Co. by a

lady whose portrait, given above, is

assurance of her high character and

honest disposition. She is a picture of

womanly health. She is Mrs. Robert

M. Moore of Laporte, Ind., and she

writes:

"Please accept my heartfelt thanks for

the great good Paine's Celery Compound

has done me. I do think that there can-

not be too much said in its favor. I was

completely run down a year ago, and

had the advice and attendance of two of

the best physicians in the town, who

pronounced my sickness nervous prostra-

tion. I was treated by one for two

weeks, and then went to another and

at first he seemed to help me, but after a

while instead of getting better I went

from bad to worse.

"At the earnest solicitation of two of

my children and a dear friend, who was

very much interested in my case, I com-

menced to take Paine's Celery Compound

and took seven bottles, and am thankful

to say that I am a well woman today.

Considering the low state of health in

which I was, my cure has been pro-

ducing wonderful. You can use this

communication as you see fit."

For recovery from the effects of too

constant indoor work, worry, over-ex-

ertion of body or mind, and for the

general depressed state of health that is

so apt to result from a sedentary life of

hard work and routine, Paine's Celery

Compound is the one strictly accurate re-

lief. It refreshes and restores the worn-

out tissues, disposes the body to take on

new flesh, and rapidly clears the system

of the used up elements that clog its

healthy working.

Drudging indoor workers who seldom

get a long breath of fresh air--and there

are many such, both men and women--

recover vigor of the nerves and vital

organs through the use of Paine's Celery

Compound.

Albert Coleman has just become the

father of his sixteenth child.
